ABOUT ME

- Junior .NET Developer with hands-on experience in ASP.NET Web Forms, ASP.NET Core, C#, Flutter and SQL Server. Experienced in developing and maintaining ERP applications, implementing CRUD operations, database management, bug fixing and responsive UI development. Also familiar with Python and basic Machine Learning concepts through academic training and projects. Quick learner with strong problem-solving skills and an interest in learning new technologies.

TECHNICAL SKILLS

- **Languages:** C, Dart,
- **Frameworks:** ASP.NET, ASP.NET Core, ASP.NET MVC, .NET Framework
- **Database:** SQL Server, SQL Queries, Stored Procedures
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap, jQuery
- **API:** RESTful APIs, API Integration
- **Mobile:** Flutter
- **Development:** CRUD Operations, Database Management, Debugging, Problem Solving
- **Tools / IDEs:** Visual Studio, Visual Studio Code

EDUCATION

- **Bachelor of Technology in Computer Science** 2021 – 2025
Axis Institute of Technology and Management
- **Higher Secondary (12th)** 2019 – 2021
Chandra Balika Inter College
- **Secondary (10th Standard)** 2017 – 2019
Chandra Balika Inter College

EXPERIENCE

- **NEXA IERP SYSTEM PVT. LTD.** January 2026 – August 2026
Junior Developer
 - Developed and maintained ERP application modules using ASP.NET and C#.
 - Developed Flutter UI screens for application features.
 - Worked with SQL Server for CRUD operations and database management.
 - Fixed bugs and enhanced existing application features.
 - Collaborated with team members during development and testing.
- **AFFABLE WEB SOLUTION PVT. LTD.** August 2024 – December 2025
Web Development Intern
 - Started with a 6-month internship in ASP.NET, C#, SQL Server, and front-end technologies.
 - Worked on developing and maintaining web applications under the guidance of senior developers.
 - Handled SQL Server database operations to ensure performance and data accuracy.
 - Collaborated with team members to improve communication and project delivery.
 - Enhanced problem-solving and debugging skills through hands-on project work.

PROJECTS

- **Glass ERP**
ASP.NET, C, SQL Server, HTML/CSS, JavaScript, Bootstrap
 - Developed and maintained ERP modules based on customer requirements using ASP.NET and C.
 - Implemented CRUD operations and managed application data using SQL Server.
 - Worked on order and inventory-related modules and fixed bugs to improve application functionality.
 - Collaborated with the team during development, testing, and implementation of application features.
- **Student Panel**
ASP.NET, SQL Server, HTML/CSS, JavaScript, Bootstrap
 - Developed a student portal with secure login, profile management, and real-time notifications.
 - Implemented data storage and retrieval using SQL Server, ensuring quick access to academic records.
 - Enhanced user experience by designing an intuitive and responsive interface.
- **Asset Management System**
ASP.NET, SQL Server, Flutter
 - Created a system to track and manage assets, including allocation, maintenance, and deallocation.
 - Integrated asset tagging, status updates, and report generation.
 - Improved data integrity and accuracy by linking asset data to user profiles.

HIGHLIGHTS

- Received an **Appreciation Award** for completing an assigned KM task ahead of schedule while maintaining accuracy and work quality.
- Participated in **college and cultural dance performances**, demonstrating confidence, teamwork, and active participation.
- Recognised for timely task completion, problem-solving and effective collaboration during project work.
